Tilecy

Tile and Ceramics

About Us

At Tilecy, we have made a commitment to elevate our product variety and quality to unprecedented levels, ensuring that we consistently meet the evolving needs of our consumers. Our strategy revolves around fostering direct and effective relationships with our manufacturers, which allows us to not only source the finest materials but also to innovate continuously. This collaboration enables us to create a diverse range of products that cater to various tastes and preferences, setting new standards in the industry.

We pride ourselves on partnering with industry-leading manufacturers whose products outshine others on a global scale. These esteemed partners are recognized for their commitment to excellence, ensuring that our offerings are not only competitive but exemplary when it comes to quality and design. Our focus on sound export practices reflects our dedication to expanding our reach while maintaining high customer satisfaction rates.

By working closely with these manufacturers, we have access to cutting-edge technologies and design processes that enable us to bring unique and high-performing products to market. This relationship also allows us to respond swiftly to consumer feedback, ensuring that our product line is always aligned with market demands and trends.

At Tilecy, we understand that the key to long-term success lies in our ability to adapt and innovate. This is why we prioritize building solid partnerships within the manufacturing sector, equipping us to deliver exceptional products and unparalleled customer experiences. As we continue to grow, we remain focused on maintaining the highest standards in both our product offerings and our relationships with consumers, ensuring that Tilecy remains synonymous with quality and satisfaction in the industry.

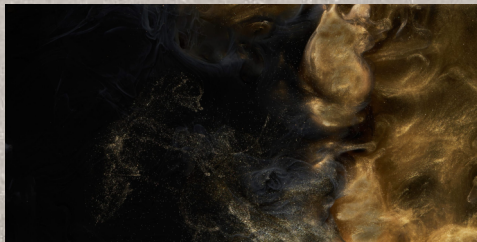

Mr. Omid Behpour

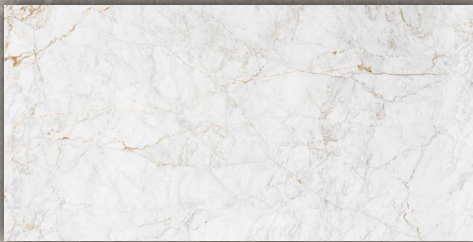

Mr. Omid Behpour is a distinguished Canadian entrepreneur and investor with a diverse educational background in engineering and law. He founded and served as CEO of several successful textile companies from 2004 to 2012, including Negine Kasra Carpet, Kasra Carpet Co., and Behtab Nakh Co. His venture into international commerce commenced with the establishment of Unique Arts, which operated from 2007 to 2023, facilitating a range of import-export activities. In 2024, responding to evolving market dynamics, he rebranded Unique Arts to Importeer Canada, further enhancing his commitment to fostering cross-border trade and innovation in various industries.
